9 Rabi' Ath-Thaani (July 23, 1999)

Assalaamu 'alaykum.

Alhamdulillah wa salaat wa salaam 'alaa Rasoolillah wa 'alaa Aaalihi wa Sahabihi, ameen.

Dear Brother Soliman,

We hope that this report finds you in the best of *Iman* and health. On your request, we are writing to inform you what we have accomplished with the projects that we have implemented to assist Kosovar refugees. *InshaAllah*, we hope that you are pleased with the efforts of the Ashland Office, and we pray that all of our Brothers in Saudi Arabia feel that their money was well spent.

As you know, it was necessary to implement programs to aid the Kosovar refugees in the United States because years of Communist rule effectively eradicated their Islamic knowledge. It is incumbent upon all Muslims to invite others to our faith, to expand our knowledge of the *deen* and to assist others in seeking knowledge. We implemented several phases of the project to best spread the *deen* and to educate the refugees about their religion.

- a. **Distribution of literature.** Authentic Islamic literature in the Albanian language was virtually absent from the United States when the refugees began to arrive. *Alhamdulillah*, the office in Saudi Arabia sent a sizeable shipment of authentic Islamic literature in the Albanian language to the United States. It arrived in New York, where the Albanian Islamic Cultural Center in Staten Island took half of the shipment, and the other half was sent to the Ashland Office. *Alhamdulillah*, Muslim organizations throughout the country have heard about our distribution of literature, and seek us out whenever they find Kosovar refugees in their communities.

The Ashland Office has distributed the following literature to refugees in the United States (listed in order of shipment):

- b. **Albanian Refugee Crisis Hotline (ARCH).** We created a toll-free number for refugees to call if they need Islamic literature, are experiencing any kinds of abuses, or have any humanitarian needs. *InshaAllah*, we will act as a broker, linking the refugees up to the most appropriate organizations that can fulfill their needs. The hotline is currently ready to receive calls.
- c. **Alharamain Cards for Refugees.** We printed about 7,000 Alharamain cards specifically for refugees, with our logo, the toll free number for the hotline, and a brief description in the

Albanian language. We have been distributing these cards along with the literature that we send out. Additionally, a Brother in Canada has distributed a large quantity of these cards on our behalf and Brother Abu Yunus distributed a large number of these cards when he visited the refugees at Ft. Dix.

d. **Department of State's list for organizations involved in refugee placement.** Brother Daveed Gartenstein-Ross did the paperwork necessary to get the Ashland Office on the list of organizations responsible for placement of refugees once they arrive in the United States. This paperwork took approximately nine hours to complete. We want to be sure that Muslim refugees can be placed in a good Islamic environment, and not just left at the mercy of the missionaries and temptations of the West. Currently there are a number of Christian and Jewish organizations on this list, but no Muslim organizations. Thus, the Islam of any Muslim refugees that arrive in the United States is in grave jeopardy. We previously sent you a report about the resources that would be required if we were to be named to the Department of State's list. If the resources are available, *InshaAllah*, we think this will be a worthwhile venture for the future.

Alhamdulillah, other Muslim organizations throughout the country are aware and appreciative of our efforts. We have received a number of generous contributions, and many Muslim communities that have received Albanian refugees have called us to ensure that they will have literature for the refugees in their native language.

May Allah reward us all according to the best of our deeds and intentions, and forgive us for our mistakes. May Allah reward our Brothers in Saudi Arabia for supporting these efforts *fi sabil Allah*. May we all be recognized as Muslims on the Day of Judgment.

Your Brother in Islam,

Abu Yunus
